

## Flexglo™ F23 Vertical Bending (Silicone)

ClearTech™ TwinFlex™ C-Mask™ PinBoost™

|                 |              |        |  |                |      |
|-----------------|--------------|--------|--|----------------|------|
| 5 year Warranty | ANSI C78.377 | 3 SDCM | 55°C / -40°C Ambient Working Temperature | Anti yellowing | Mini |
|-----------------|--------------|--------|--|----------------|------|

Working Temp. -40~45°C / -40~113°F

Storage Temp. -40 ~ 60°C / -40~140°F

Voltage 24CV

Min. Cutting Length 83.30mm

Abmient Installation Temp. -40 ~ 50°C / -40~122°F

Max. Mounting Surface Temp. 85°C / 185°F

Power/m 9.00

Max. Running Length 7.50m

## Optical Parameters

| Item Code                                | Finished Product |                          |                 |     |     |         |          |
|--|------------------|--------------------------|-----------------|-----|-----|---------|----------|
|  | Color/CCT        | Wavelength/CCT Tolerance | Color Tolerance | CRI | R9  | Lumen/m | Lumen/ft |
| C-SFR-F23B-VB-24CV-57K-WM-144-80-9W-83.3 | 5700K            | 5669±305K                | 5SDCM           | 80  | N/A | 440.00  | 134.15   |

## Connector Type

IP67 Silicone Injection-moulded Connector

| Front Connector End                                      | Front Connector Side from Left                            | Front Connector Side from Right                           | Front Connector Bottom                                   | Seamless Middle Connector & Power Feed | Middle Connector & Power T-feed       | Jumper                         | End Cap    |
|--|---|---|--|--|---------------------------------------|--------------------------------|------------|
|  |   |   |  |  |                                       |                                |            |
