Data sheet LIGA.AIR.REP.240.EURO

- Repeater module for 230VAC.
- Smallest power consumption, only 0.3 Watt.
- Simply plug in and operate with Casambi.

The repeater module LIGA.AIR.REP.240.EURO is plugged directly into a 230V line socket and ready to be inserted into the Casambi application.

With this module, the range of the Bluetooth signal can be easily increased.

It may also speed up the recreation of the Bluetooth mesh or ease the addition of a new member into the Casambi application, since this device is always present with a backup of the last mesh configuration.

The whole module is compactly built into a black EURO plug enclosure, which ensures a simple and trouble-free installation of this device.

Technical specifications:

| Dimension (T x B x H) | 38 x 39 x 32mm |
|------------------------------------|--|
| Weight | 34g |
| Color | Enclosure black |
| Mounting | Plugs directly into the socket |
| Environmental conditions | Operation: Temperature -20 50°C, humidity < 85%rH Stock: Temperature -25 65°C, humidity < 95%rH |
| Protection type / Protection class | Appliance Class II |
| Connections | EURO plug enclosure, plugs directly into the socket. |
| Power supply / Frequency | 230VAC, 50Hz |
| Power consumption | 0.3W max |
| Standards | Low Voltage Directive (LVD) 2014/35/EU, EN 60669-2-1 Electromagnetic compatibility (EMC) 2014/30/EU |
| CASAMBI Modul Standards | Bluetooth 4.0 Wireless Control |
| | Casambi App (App Store, Google Play) |
| Applications | Extension of the Bluetooth range |
| Scope of delivery | 1 Repeater module |

Range:

Compatible devices:

iPhone 4S or later iPad 3 or later iPod Touch 5th gen or later.

Android 4.4 KitKat or later devices

produced after 2013 with full BT 4.0 support.

Up to 30m¹⁾ outdoor

Casambi uses mesh network technology so each CBU-ASD acts also as a repeater.

Longer ranges can be achieved by using multiple Casambi units.

Range is highly dependent on the surrounding and obstacles, such as walls and building materials.
